Entrepreneur Academy

What happens after I complete my online registration?

A member of the team will be in touch with you to find out how we can support your next steps, and to find out a bit more about you. Then you will be provided with your login username and password to access your business toolkits, offers and partnership support. Your educators will get in touch with you, and you will receive a welcome pack, along with your first academy topic...

What experience do the business educators have?

Each of our educators is an expert in their field. That's why they are working with us! Our business educators vary from successful business owners and company partners, to executives. Curricula & Co educators have been carefully selected to enrich the learning process and business outcomes for our entrepreneurs who undertake the Academy.

Is there a cut-off point to the support I can receive once I finish the Academy?

The Entrepreneur Academy has no cut-off point! You get to decide when your time's up. The majority of Curricula & Co's scale-up and fortune companies remain to invest in themselves long term by meeting with their educator on a monthly/bi monthly basis. As a true entrepreneur's work is never done. The more you learn, the more your business, assets, and teams will grow.

On average, how long does it take to get a business up and running on the Academy?

There is no set time for a business to be set up. All our experts know that the more time spent working on your plan and taking the required action, the better the outcomes. It's important to embrace the process and submerge yourself in what is necessary for success to happen. You may be desperate to get up and running straight away, but we strongly urge all our entrepreneurs to pace themselves.

What should I do if I forget or lose my login details?

Please contact our information manager at: info@curricula-co.org they will be happy to assist.

Enterprise Centers

Who is the service aimed at? (E.g. directors, employees)

Enterprise engagement is for educational establishments, careers teachers, business teachers, youth educators, corporate, voluntary businesses and investors.

How does the service vary depending on sector?

Initial introductions with our team, lead onto further consultations in how to enhance, implement and engage the next generation into understanding and becoming equipped within the areas of entrepreneurship and employability.

What results can be expected from taking part on the program?

You can expect individuals in the organisation to become more motivated and confident in their work, and for the organisation as a whole to be given a new sense of direction and new strategies to solve existing problems.

Do I have to attend the taster day in order to book?

No. If you wish, we recommend completing your reservation deposit to secure your further consultations in advance.

Scale-up Enterprises projects:

Depending on your vision for your organisation, Curricula & Co have leading partnerships and success within the areas of on-site builds for scaling up educational projects, e.g converting existing spaces into enterprise hubs and co-working spaces, where students and communities can innovate, collaborate, and bring ideas to life. This adds value to students' long term personal development plan within the areas of entrepreneurship and employability, while bringing profitable assets to their organisation.

Employability Academy

How old do you have to be?

Our Employability Academy is aimed at younger generation. Recommended registration age is from 14 years to 25 years.

What happens after I complete my online registration?

A member of the team will be in touch with you to find out how we can support your next steps, and to find out a bit more about you. Then you will be provided with your login username and password to access your business toolkits, offers and partnership support. Your educators will get in touch with you, and you will receive a welcome pack, along with your first academy topic...

Will the Academy find me the opportunities, or will I need to find them myself?

Our Employability Academy is a platform for you to further your personal education in the areas of intentional living, team working, leadership, and managing and developing the best version of yourself, as well as holding and growing your finances. As a whole, the learning not only prepares individuals, but also propels each committed person towards reaching career goals, whether you're just getting started or you're ready to move into management or senior roles.

Specifically, what will my educator support me with, and what form will this support take?

Your educator is there to guide you through your time at the Academy by discussing your progress with you, and showing you how to apply what you are learning to your own life in the most effective way possible. Learning time is carried out throughout 1-1 meetings, online employability topics, and engagement with professional partners to support career-ready pathways.

How long are work taster days?

Our work taster days start from topic five on the Academy. Work taster days give you insight into the workplace, and are supported by our professional partners. Preparation for our taster day is incorporated into learning time, each person's individual needs and choices being the first priority.

How long are work placements?

Work placements are an extension to the work taster day. They can last from one week, or can extend over the summer holidays. Work taster days give you insight into the workplace, and are supported by our professional partners.

What should I do if I forget or lose my login details?

Please contact our information manager at info@curricula-co.org they will be happy to help.

If I struggle with any particular skill, will it be possible to catch up?

We believe each person is different, progresses at different rates, and has strengths in different areas. We do not expect our students to fit into the same mould, but we will work with you to boost your confidence where and when it is needed.

If I have no qualifications, will I be at a disadvantage on the Academy?

Here at the Employability Academy, we see potential in everybody regardless of educational background. There are many jobs available that only take your skills and experience into consideration. However, if you feel you would benefit from catching up academically, you can discuss this with your educators, who will do what he/she can to facilitate you reaching your goals.

What if I struggle to find a job once I finish the program?

Finding a job could take a bit of time. Please get in touch with your educator if you have any questions, or need further advice. Our team can provide tips on making your search more effective. The most important thing is to be persistent, and to see each obstacle as another step closer to your envisioned career.

Entrepreneur Academy
